18 JUN 2019

Dear Members,

We are pleased to announce an **Evening Talk** which has been arranged as per details given below –

Speaker: Mr.Mool Chandra Kushwaha

Subject: "Pure Drinking Water" a Tool of Prosperity

Date: 26th June 2019 (Wednesday)

Time: 6.30 PM to 7.00 PM – Snacks with Tea / Coffee
7.00 PM to 8.00 PM – Talk Session
8.00 PM to 8.15 PM – Q/A session

Venue: IIMM Hall

Profile of Speaker : Mr. Mool Chandra Kushwaha (M. Chandra) has done MBA in May 1996 from Bundelkhand University, Jhansi. He is having 20 years' practical experience in the field of Pure Drinking Water Industry as Salesman, Trader & Manufacturer. He has worked in private company at Delhi, Daman and Surat in Marketing department as Territory Manager from 1996 to 1998. In 1998, he started his own mineral water Manufacturing unit in GIDC Makarpura, Vadodara. He contributed to Mankind by supplying Water Pouches to Earthquake effected people in Anjar and Kutch in association with ONGC. He has been chosen by Parle Products to manufacture 'Bailey' drinking water products at his plant in 2002 with BIS certification for bottled water. He was associated with Kent and Nasaka water products to promote domestic filters in Vadodara and nearby places. He attended many seminars on water quality by Bureau of Indian Standards. He was treasurer in 2001 at Central Zone Mineral Water Manufacturers Association. He conducts regular training, workshops and Skill Development Seminars in Delhi, Mumbai, Pune, Bangalore, Hyderabad, Ernakulum and Vadodara on regular basis.

Brief Details about Talk: The above topic may look funny but if you give serious note to it, it is not to be taken lightly as almost everybody is aware and heard many times that "Water is Life" but hardly anyone gives serious consideration for pure water in day-to-day life and does not make any serious arrangements for drinking water. Our body contains more than 70% water and drinking water plays role of a carrier of contaminations to our body and we drink water more than we eat food in a day. So far, water has not been given its due consideration as it ought to be, so how it may affect the progress of an individual and of a country shall be discussed in detail during the Talk.

It will be an excellent opportunity to know about the Topic. All members are cordially invited to attend above Evening Talk alongwith Individuals interested to know about this topic.

With Warm Regards,

M. Sambhudevan Nair
Vice Chairman
